

2:30 p.m.

## LA BOUDEUSE AUTOUR DU MONDE - AU PAYS SAA

Director: Patrice Franceschi

Producers: L'Envol productions, France 5, Voyage

France - 52 minutes - 2006

(not in competition)

On the Pentecost island in the Vanuatu archipelago live in a very traditional way, a few small communities. They call themselves Saa. The crew of the "Boudeuse" shared the life of a small village, called Ratap, the inhabitants of which are rejecting the modern world. Nevertheless, they accepted coming aboard the schooner and being introduced to the sailors' life.

3:35 p.m.

## Les Nouveaux Explorateurs - NOMADES LAND EN YAKOUTIE

Director: John Jackson

Producers: Gédéon Programmes, Canal + France - 52 minutes - 2007

(unpublished - not in competition)

Christophe Cousin meets the nomadic Evenks from Yakoutia in Siberia. From Iakutsk, the capital, to Olieneck, a small village secluded in the forest, he joins with reindeer breeders in the taïga. He shares their life, torn between tradition and modernity adapting their culture, their economy and freedom to the changes of the times.

# DIJON INTERNATIONAL ADVENTURE FILM FESTIVAL

11 to 13 October 2007 - PROGRAMME

## THURSDAY, OCTOBER 11th

9:30 a.m.

### GASHERBRUM II The fastest summit

Director: Niko Jäger

Producer: Moving Adventures Medien GmbH  
Germany - 30 minutes - 2006

(unpublished)

Sky Running is a very modern way of alpinism, outstanding in both flexibility and toughness: Ascending fast and descending even faster. Benedik Böhm and Sebastian Haag are up to something completely new in the range of mountaineering: A sky run to the summit of Gasherbrum II (8 053 m) and going the whole way down to base camp on ski - right through the death zone, in one day. The film does not only feature an outstanding sportive achievement, but also the whole strain of that tour including its preparations at Base Camp and mountain side.

10:10 a.m.

### TEPUY

Director: Pavol Barabás

Producer: K2 Studio  
Slovakia - 61 minutes - 2006

(unpublished)

In 2005, a large helicopter props itself upon one of the cliffs of the massive Chimantá Table mountain. Several strong men jump out of it, brought together by their adventurous souls, the stubborn will of the explorer, and an anxiety to penetrate into depths that nobody has ever tried before. Together, they travel to the insides of a satanic mountain, to discover hidden natural phenomena, and to fight back the darkness, damp and difficult terrain, as well as themselves.

11:20 a.m.

### NAUFRAGÉ DES DUNES

Directors: David Rosanis

Producers: Zadig Productions, Arte  
France - 52 minutes - 2006

Deliberately wrecked in the very heart of the desert, Régis Belleville shares his experiment on human physiology answering the following questions : What impact on our organs and cells do extreme

dehydration have? Through which kind of mechanisms does the human body try to protect the brain from overheating? What are the consequences when these mechanisms are ineffective.

00:25 p.m. News

### LES VAGABONDS D'ORIENT

A five minutes extract produced by Gedeon Programmes. Telephone link with Mathilde and Edouard Cortes who left Paris last June for a 6 000 km walk to Jerusalem.

2:30 p.m.

### FACING OBSESSION

Director: Jochen Schmol

Producer: Drehxtrem Film and Fernsehproduktion

Germany - 26 minutes - 2006

(unpublished)

Stefan Glowacz and Robert Jasper are totally obsessed with climbing the notorious « Forgotten Wall », the steep and massive 1 000 meter North pillar of the Cerro Murallon amidst the inland ice of Patagonia. This obsession dates back to the year 2003 when they first attempted to climb the Cerro Murallon's North face. Although back then, they were brutally beaten back by the raging storms of Patagonia. The two « possessed » climbers decide to return for two more extremely tricky attempts to climb the wall's peak.

3:00 p.m.

### HORS DU TEMPS

Director: Florence Tran

Producer: Zed, Arte

France - 52 minutes - 2006

In 1962, Michel Siffre had been living for 2 months deep in the bottom of a sinkhole without any temporal reference. His experiment revealed the existence of a biological clock which gave birth to a new science : chronobiology. He accepts to return to the same sinkhole and explains how isolation and absence of temporal references influence man's body cycles and mental equilibrium.

4:00 p.m.

### VOYAGE À 109 MÈTRES

Director: Jérôme Espla

Producer: Poisson-Lune Productions  
France - 6 minutes - 2006

(unpublished)

September, 2006, Guillaume Nery broke the world record of free diving, up to 109 meters deep. We share his voyage underwater following the rhythm of his descents and ascents. A very intimate account which offers us a unique experience turning the feat into an adventurous discovery of the "grande bleue".

4:35 p.m.

### LE DERNIER RÊVE DE PETER BLAKE

Director: Franck Mazoyer

Producers: Grenade productions, Ushuaya TV, Citizen TV

France - 52 minutes - 2006

Sir Peter Blake, the renowned navigator, had given up competition to dedicate his life to environmental projects aboard the Seamasters. He was longing for expeditions in the Arctic when, in 2001, he was assassinated by pirates in Amazonia. In 2004, scientists Olivier Gilg and Brigitte Sabard, aboard his sailboat re-named Tara, leave with his team members for a mission in Greenland.

Telephone link with Bertrand Piccard to present the progress of his solar plane project.

6:00 p.m. News

### SVALBARD 2008

Following the success of the expedition in 2005 in South Georgia, Daniel Buffard-Moret, chairman of the "Montagne du Silence" association, is preparing a new adventure to Spitsbergen with deaf teens.

8:30 p.m.

### OFFICIAL OPENING CEREMONY OF THE FESTIVAL

with **Yves Berthelot**, Dijon deputy mayor to cultural affairs, with **Patrice Franceschi**, President of the film jury, **Jean-Claude Gascard**, in charge of the Damocles Project and **Patrick Edel**, general delegate of the Guilde Européenne du Raid and of the Festival.

9:00 p.m.

### LES AVENTURIERS DE L'ÎLE-PLANÈTE

Directors: Bernard Guerrini, written by Mathias Schmitt

Producers: ATOM, MVC, France 3 Thalassa, PRODOM, IRD  
France – 52 minutes – 2007

Santo 2006 is the most ambitious scientific expedition ever on biodiversity. Its mission, set up an exhaustive inventory of the flora and fauna of an heavenly island in the South Pacific Ocean: Santo in Vanuatu. This mission grouped together 160 scientists from 25 countries and required exceptional technical and human resources. They discovered hundreds of unknown species.

10:00 p.m.

### LA MONTAGNE PERDUE

Directors: Christian Deleau with the collaboration of Katia Lafaille

Producer: Nefertiti production  
France – 52 minutes – 2007

(unpublished)

Nepal, december 12th, 2005, west side of the 5th highest summit in the world, altitude 5 300 meters. Mountaineer Jean-Luc Lafaille is acclimatizing. Within a few weeks, he will try to reach the Makalu summit (8463 m) in winter time, solo and without oxygen.

## FRIDAY, OCTOBER 12th

9:30 a.m.

### E11

Director: Paul Diffley

Producer: Hot Aches Productions  
England – 45 minutes – 2006

(unpublished)

David Mac Leod is determined to succeed in ascending one of the toughest climb in the world: "Rhapsody" in Dumbarton, Scotland. This way, a few miles away from his home, is rated E11 that is to say the utmost difficult climb (8c+ in French rating). He becomes obsessed physically and mentally by the wall.

10:50 a.m. News

### DÉFI SOLIDARITÉ 2008

#### POUR UN SOURIRE D'ENFANT

Henry Bizot will introduce us with his next ascent in the high mountains.

August 2005, Olivier and Cecile depart from Brittany aboard their sailboat Atao with their 5 kids aged 18months to 8 years. They will face the Atlantic ocean storms, the Great South sensations, the Cape Horn violence while teaching their children. Aboard, Cecile is expecting a new baby.

11:40 a.m.

### SUR LES TRACES DE PAUL DU CHAILLU

Directors: Luc-Henri Fage, scientific advisor Jean-Marie Hombert and Louis Perrois

Producers: CNRS, IRD, Béatrice Fage  
France – 62 minutes – 2006

(unpublished)

Who has ever heard of Paul Belloni du Chailly ? The self-taught explorer, naturalist and geographer became famous because he was the first to explore inland Gabon, hunt the gorillas, meet the pygmies and gather valuable information concerning the peoples in Gabon. A French-Gabonese pluridisciplinary team, headed by linguist Jean-Marie Hombert (CNRS) follows in his footsteps.

2:30 p.m.

### MER-MONTAGNE : LE SAUVETAGE EN PARTAGE

Director: Pierre-Antoine Hiroz

Producer: Télévision Suisse Romande  
Switzerland – 45 minutes – 2006

(unpublished)

At first sight, the sea has nothing in common with the mountain. Nevertheless, seamen and mountaineers share the same love-hatred feeling with their environment so as to counteract the threats of their respective supposedly hostile spaces. Rescuers are thus on the frontline. The film shows an unusual and fascinating meeting between professional sea and mountain rescuers.

3:25 p.m.

### LES AMANTS DES DRUS

Director: Bertrand Delapierre

Producer: Seven Doc  
France – 52 minutes – 2007

(unpublished)

The "Drus", in the Mont Blanc massif is the archetype of the Mountain. Winter 2004, three young climbers, Guillaume Avisiriani, Philippe Batous an Christian Dumarest, venture into the Lafaille Route. They take advantage of this climb to evoke the story of the great International alpinists who built up the fame of the mythical range.

4:50 p.m. News

### L'ENIGME DE L'OISEAU-BLANC

A five minutes extract by Striana productions. On may the 8th, 1927, Charles Nungesser and François Coli took off from Paris aboard the "Oiseau Blanc". They will be lost at sea before reaching New York. Bernard Décré will introduce the expedition which will try to find the wreck.

5:00 p.m.

### CELEBRATION OF FLIGHT

Director: Lara Juliette Sanders

Germany – 52 minutes – 2006

(unpublished)

The film is about the never-ending love for flying. And about a unique friendship between a 78 year old Swede and a 16 year old native boy from the Caribbean Sea. They share one desire for which

9:00 p.m.

### BORN TO FLY

Director: Marco Visalberghi

CoProducer: Doc Lab, Gédéon Programmes, National Geographic, RAI, SWR

Italie – 52 minutes – 2006

(unpublished)

It is the story of the most accomplished hang-gliders in the world: Italian Angelo d'Arrigo. He won many championships and records and progressively shifted from sports competition to using his skills for the advancement of science. He has dedicated the last year of his life to learn to fly like a condor, and to teach a couple of captive born condors how to fly and survive. On 26 March 06, at an air show in Sicily, Angelo died in an ultra light aircraft crash. But his dream was fulfilled by his friends and family, when in July 06 they released the condors to their natural environment, the Andes.

they are willing to sacrifice everything: to develop and build their very own aircraft. With it, they are planning to participate at one of the world's biggest air shows for airplane designers in the upcoming year. Their only goal is the success of their plan. For the boy, it is the beginning of all his dreams. For the old man, it is his very last dream.

10:00 p.m.

### PETER BIRD'S TROPHY AWARD ENDOWED BY SPB

Ten years ago, Peter Bird, was lost at sea when attempting his second crossing of the Pacific Ocean. Louis Bird, the son of the rower will hand over the 2006 Peter Bird Trophy.

10:10 p.m.

### 99 JOURS SUR LA GLACE

Director: Jean-Gabriel Leynaud

Producers: Sombrero and Co, Voyage

Danemark-France – 52 minutes – 2007

Crossing the Arctic, depart from a bank of the ocean and reach the other bank 2 000 km away within 100 days is the longest and the most difficult polar trek. It is also the dream of Bettina Aller and Jean-Gabriel Leynaud who first met in the North pole, skied together to the same pole two years ago and want to continue their travel on the pack from Siberia to Canada.

## SATURDAY, OCTOBER 13th

9:30 a.m.

Director: Stéphane Dugast

Producers: Méchant Loup Production, Voyage

France – 52 minutes – 2007

(unpublished)

Stéphane Victor, the son of French explorer Paul-Emile Victor, goes off to explore the oriental coast of Greenland. He intends to reach the Kangerlussuaqsiat hq where, 70 years ago, his father had overwintered. Sharing the daily life of the last nomadic hunters, Stéphane Victor, immerse himself into the Inuit society and tries to find witnesses of his father's experiment.

10:35 a.m.

### SEARCHING FOR THE COAST WOLVES

Director: Richard Matthews

Producer: ZDF German TV  
Germany – 52 minutes – 2006

(unpublished)

This is a story of one woman's passion for wolves. Gudrun Pflueger is an ex world champion cross country skier and long distance runner. For the last six years she has been studying wolves in the wild of Canada collecting field data, hair, droppings and other evidence for use in scientific projects on wolves. In this film we follow as she goes in search of the coast wolves of British Columbia. The five week expedition is set to be Gudrun's most memorable encounter with wolves ever.

6:10 p.m. News

### TOTAL POLE AIRSHIP

A five minutes extract produced by Gedeon Programmes.

Telephone link with Jean-Louis Etienne who will present his new scientific programme "Total pole airship": flying over the north pole in an airship to measure the ice thickness of the icepack following the global temperature increase.

11:40 a.m.

### LES MYSTÈRES DE KYYS LA CHAMANE

Director: Marc Jampolsky

Producers: Gédéon Programmes, Arte  
France – 52 minutes – 2007

(unpublished)

In July, 2006, Scientist Eric Crubezy, makes a wonderful discovery in Siberia. In the Yakoutia frozen ground, he uncovers an ancient burial place with the body of a woman, lying in a coffin surrounded with offerings. This specialist of Siberian peoples is totally positive: the woman is a shaman. An archeo-ethnological thriller starts...
